

Network Planning (Wired/Wireless)

OUR SERVICES

- ❖ End-to-end IT Security Solutions
- ❖ DVR Systems
- ❖ HR Cameras
- ❖ Storage Solutions
- ❖ Linux System Configuration & Maintenance
- ❖ Servers & Workstations
- ❖ Structured Cabling & Network Testing
- ❖ Firewalls, Switches & Routers

Our Network Planning & Implementation Services focus on improving both the economic and technical efficiencies of Wired & wireless networks; by leveraging our extensive global wireless experiences of planning, rolling out and optimizing every type of network (2G/3G/4G). We provide the complete range of services from Planning & Design, Site Acquisition, Site Engineering & Construction and Installation & Commissioning.

We have a robust Network Rollout and Best Practice which focus on implementation. The tools and process used by us has all the build activities tracked based on agreed guidelines and timelines. We also use International safety standards and work within the parameters of the guidelines required. Our staff involved in the implementation is certified for safety as per the regulatory requirements.

OTHER SERVICES

- ❖ Ecommerce Mobile App
- ❖ Shopping Cart
- ❖ Digital Marketing
- ❖ Big data & Analysis
